### Candidate To Address Nixon Tea

Joe Moore, Republican candidate for U. S. senator, will address the Hancock County Women for Nixon tea at 2 p.m. Wednesday at Bay-Waveland Yacht Club.

Mrs. Richard Hadden, chairman of women's activities for the Hancock County Republican Committee, said the speaker will be introduced by W. W. Wehrs, county GOP chairman.

All county women will be welcome at the Women for Nixon tea, to be from 2 to 4 p.m.

Women for Nixon held their first meeting last Friday and Mrs. Hadden said the response (Cont. on Page 6.)

### All Saints Day

The Postoffice will be open All Saints Day Nov. 1 but City Hall and the Courthouse will close as will many business places. Garbage collections normally made on Tuesday will be picked up Wednesday. All churches in the area have scheduled special services.

## Unpledged Electors Blasted by Adam

DEMOCRATS - Local office holders congratulate state Democratic chairman Bidwell Adam, Gulfport, after his talk Monday night. Among those shown are Waveland Mayor Garfield Lohr; Russell Elliott; Sheriff Gerald V. Price Sr.; Chancery Clerk Claiborne Lohr; Earl F. Ramond, Adam, and Beat 4 Supervisor James Necaise.

Bidwell Adam, State Democratic Executive Committee Chairman, blasted Hancock County Democratic Committee's unpledged policy several times during an hour-long talk at the first political rally of the presidential campaign Monday night at the Courthouse.

"They have no candidate either for president or vice president," he said, referring to the party's unpledged faction. "They will have to vote one way or the other."

Following the rally county campaign chairman Russell Elliott said plans were being completed for another rally Nov. 4 at Hancock North Central School and that tentative plans were in the making for a bi-partisan meeting at City Ball Park in the near future.

Publicity chairman Earl F. Ramond told the group that although the Republican party had spent much money for publicity for a recent meeting in Gulfport five more people were at Monday's Democratic meeting than at the Gulfport meeting. He estimated nearly 200 persons attended.

### Civitan Club Fund Project Will Aid Mentally Retarded

SELL FRUIT CAKES - Bill Richards, center, turns in money for the sale of more fruit cakes in the Bay St. Louis Civitan Club's campaign for the mentally retarded. Mike Necaise, left, chairman of the drive, and James Fillingame is president.

The Civitan Club is continuing the sale of fruit cakes to raise money for mentally retarded children in Bay St. Louis.

Bay St. Louis was the first Mississippi city south of Hattiesburg to provide special training for mentally retarded. The program is now in its ninth year.

James Fillingame, president, said proceeds will enable the club to help provide materials and equipment needed in the special class for mentally retarded at North Bay Elementary School.

Mrs. Grace Hulsey, teacher of the class, said various small items are needed to assist in teaching and training these youngsters to care for themselves. Needs range from such minor things as the repair of a record player to a ping pong table to help train the children to be alert.

The teacher said the cooperation of Civitan is greatly appreciated and that if the club, through the cake sale, is enabled to help supply some of the needs she and the youngsters will greatly appreciate it.

The club is selling one, two, three and five pound fruit cakes at \$1 a pound. M. J. Necaise, chairman, said to date the sale (Cont. on Page 6.)

### Auditor Checks Figures

## Loan Question Still in Air

No report had been filed in the Chancery Clerk's office today by the state auditor as to the status of repayment of money loaned to the county department of education during the past seven years.

Approval of a \$12,295 loan to the county education department for purchase of two school buses was again withheld by the board of supervisors at a recessed meeting Monday and a special meeting Friday pending a check by a state auditor to determine the exact amount owed on previous loans and formal approval by the state department of education.

### Heitzmann to Speak At Assessor Meet

George Heitzmann, county tax assessor, has accepted an invitation to speak at the annual tax assessors' convention at Jackson next Wednesday, Thursday and Friday. Heitzmann will follow Gov. Ross Barnett on the program and will speak on Equalization of Platted Lands. He is believed to be the first county official ever invited to participate in the program.

Attorney Sam L. Favre Jr. pointed out that the state education department had advertised for bids on transportation equipment making it unnecessary for counties to advertise individually. He said, however, that state approval or prices was necessary and he noted that written approval had only been filed with the board on two chassis and that approval of the bodies had not been received. A state auditor is making a check of warrants to determine what the amount paid on previous loans is.

The buses were said to be ready for delivery and it was believed the necessary documents would be ready for the board's approval at the Nov. 7 meeting.

Members agreed a written statement of the auditing department as to the status of previous loans was necessary because the last report showed loans totaling \$44,500. The report to necessary for certification of payments on the current loan, Favre said.

Beat 5 Supervisor R. G. Hubbard Jr. said work had been delayed on construction of the guard rail on Beach Boulevard in Waveland because of inability to obtain concrete when needed and it was

agreed that if the contracting company could not make delivery when needed with a reasonable notice it would be permissible to obtain the material from another company.

Another representative of an engineering firm, Michel Baker Jr. of Jackson appeared at Friday's meeting and agreed to submit an estimate of the cost of an industrial and economical survey of the county.

Renewal of two insurance policies on the county home was approved, one with Treutzel Insurance Agency for \$35,000 and (Cont. on Page 6.)

## Fire, Explosion Raze 2 Waveland Homes

The home-to-be of honeymooning Mr. and Mrs. Sidney Woods in Middlesboro, just outside the Waveland town limits, was destroyed by fire Saturday.

Woods and his bride, the former Marjorie Mitchell Favre, are honeymooning in Hammond, La. The bridegroom lived in the house prior to the wedding.

The fire was one of two in the area Saturday, a wall of the home of C. L. Parker, just off Old Spanish Trail, having been ripped from the (also) by a propane gas explosion earlier in the afternoon.

No injuries were reported as

a result of the Woods fire. Mrs. John Garcia, formerly of Kila, suffered a slight burn of the left foot at the Parker explosion. The Garcias were moving into the dwelling when the blast occurred. It is believed to have been caused by an open valve on a heater. The gas had been connected earlier and the escaping gas apparently ignited when Garcia struck a match. The Garcia's two small children were visiting her mother at the time.

### Ansley Field Reports Good

Drilling on the new well in Ansley Field was reported by an informed source today to be below 8,000 feet but no reports of tests were available. It is the Shallow Oil Co. No. 2 International-Alexander, 660' Fr. south and west lines NW 1/4 Sec. 19-9S-15W, Pioneer Oil and Gas Co., contractors.

The last producer, Shallow Oil Co. No. 1 International-Alexander, C SW NE Sec. 25-9S-16W, was reported perforated at 10,779-806 and 10,835-844 feet, flowing 160 barrels oil plus 40 per cent BS and W per day on 1/4-inch choke, tubing pressure 390 pounds; building tanks. Total depth 10,900 feet.

On the Kila Field outcrop, Marshall R. Young et al, No. 1 Waller et al, C E 1/2 SE Sec. 35-7S-15W, set 10 3/4-inch casing 1301 feet; total depth 10,298 feet; dry and abandoned. (Holding for tops) according to the Southeastern Oil Review.

## Outlook on Oysters

WITH THE MARINE CONSERVATION COMMISSION - At left, Houston Gallex of the Biloxi Port Commission enjoys one of the oysters taken aboard during check of area reefs Tuesday aboard the MMCC boat Uranus. In next photo, oysters and dead shells dredged from an oyster reef are examined by, from left, Elmer Gaurier, commission secretary; William Demoran, MMCC biologist,

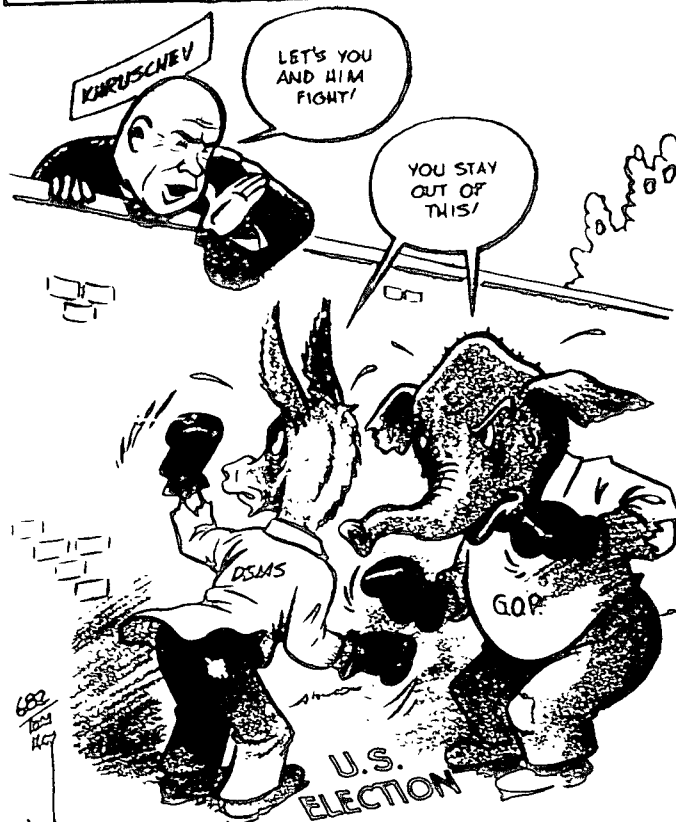

and Gallex. In third photo, Gallex views three piles of the shells dredged to determine the content of the catch and where there can be an open dredging season this year. It was figured 40 per cent was shell, 40 good oysters and 20 dead oysters or "boxes." At right, Demoran takes a specimen of water from the floor of the Gulf to test it back in the lab for salt content.

## THE AMERICAN WAY

Nikita, Go Home!

(Unfortunately He's Here in Spirit: Ed.)

## White House Nonsense

Tuesday morning a news broadcaster for a nationwide radio chain in commenting on President Dwight Eisenhower's speech in Houston, Texas, referred to the speech as "political" and added that according to the White House the whole trip was non-political. A few minutes later, after an advertisement, he said he had made a mistake and that the trip was non-political.

We don't know who put the payola-type pressure on the reporter, but it is obvious someone did. We do know he was correct in his first statement and incorrect in his retraction.

Any speech by a person holding high public office has a political undertone even if the entire context has no relation to any topic generally considered as political. Right before a presidential election any public statement by the president is political and not just an undertone even if the crux of the speech is just that he is against sin and for motherhood.

President Eisenhower's speech in Houston attached Presidential Candidate John Kennedy. Although basically and understandably defending his administration's actions, the president could not have engaged in more partisan politics than he did.

The error, other than the broadcaster's, lies in the president, though his aides, insisting it was not political. It's reasonable, logical and expected that the president be political. How did he get elected? It is not reasonable, logical and expected that the president by inference from his subordinates be made a liar.

Why the White House's and State Department's refusal to comment on Mr. Kennedy's and others' statements that an official study by the administration shows that the prestige of the United States in other countries has lessened? White House insistence that Mr. Eisenhower's speaking trip was non-political makes us think Mr. Kennedy is correct, that the administration's own investigation showed this country's diplomatic position to have fallen badly.

Reminds us somewhat of local officials who resent the public knowing what they officially do and say.

## Who's Responsible Not Juvenile

Currently there is some doubt, a lot of doubt, as to just how much the county school system owes the county general administration, the board of supervisors. Undoubtedly poor bookkeeping methods are involved, and on the surface the present clerk of circuit court, the present superintendent of education, the previous clerk of court and the previous superintendent of education, individually or collectively, would seem to be involved.

This paper only knows what has been made public at meetings of the school board and the board of supervisors. Its editor does think that, while some or all of the four officials mentioned above may have been involved in the sense that their bookkeeping methods or practices may be involved, none are primarily responsible for the confused situation and the school system's lack of needed buses.

The auditor representing the State of Mississippi is, in our opinion, the person basically responsible. He is a professional in the field of keeping books, the other four are not. There are only two reasons for this department and his job: to see that the taxpayers' money is not illegally mispent or embezzled and to see that the formal records, aside from any misdeeds, are accurate.

Some auditor apparently did not do his job. Otherwise there would be no confusion.

Castro Confiscates U. S. Citizens Property on Ground U. S. Is Economically Aggressive. Yes, we are aggressive, pro-Cuba. We subsidize it every day, week and month, while Castro has previously stolen over a billion dollars of American's property. When will our government show some guts? President Dwight Eisenhower of all people should recognize the warning in the phrase "too late, too late!"

According to a dictionary the word "juvenile" means: 1. Young, youthful. 2. Belonging to the characteristic of youth. We would not argue in their field with the lexicographers, but suggest that the word is usually misused today.

The young are generally very responsible and conscientious, but our association of the words juvenile and delinquent leads many to think that being young makes one irresponsible. That the definition of the word "juvenile" speaks of the young is of itself no criticism based on age.

In recent days Bay St. Louis has had the three lights on the Carroll Avenue side of the Necaise and Main Street stop light shot out; several reports of automobiles passing stopped school buses have been made.

It is possible that in one or more instances the illegal passing of a school bus was unintentional and perhaps, under the circumstances, unavoidable because of lack of indication that the bus was stopping. No such excuse can be made for the willful destruction of the stop light and the resultant danger to someone else's life.

We don't know the ages of those who endangered the lives of the school children by illegally passing the school buses, but presumably they were in the process or had passed the age of youth, nor do we know the age of the person or persons responsible for shooting out the traffic signals on Necaise Avenue. We do know that juvenile is not the proper term for their acts. The proper term is criminal.

Some juveniles are much more responsible than are some adults.

## The Democratic party and Kennedy

The Chronicle supports the candidacy of John Kennedy for president of the United States.

It does so because it holds the positive belief that Kennedy is the better man and the Democratic party the better party.

Eight years ago the Republicans won office by using a national hero as a stalking horse and by yelling "corruption, Communism and Korea."

Let's see what they did about all that.

The "corruption" was that of five-percenters, said to have flourished during the Truman administration. Under the Republicans the five-percenters disappeared, but he was replaced by 100-percenters, such as Sherman Adams, a grand-scale gift collector who worked not from hotel lobbies but from the sacrosanct confines of the White House, where he was "assistant president."

The Truman administration was "soft on communism," was the GOP cry, and in the next contradictory breath they scored the Democrats for the "blunder" of Korea, where the Democrats were showing just how soft they were on Communism by shooting Communists.

Yet, it is possible that during the past eight years the Republicans did

## Ten Reasons Why We Should Promote Nixon

1. He is important. As Vice President he has had the best training in history, during the decisions of the Eisenhower administration, standing in for the President during his illness, representing the President on countless occasions, and presiding over the Cabinet and National Security Council frequently.

2. He is qualified by education, training and experience. As a lawyer and four years service in the House of Representatives, two in the United States and almost eight years as Vice President.

3. He is acquainted with world leaders who respect him. He is able to speak for America as MacMillan speaks for Great Britain, DeGaulle speaks for France and Khrushchev speaks for Russia.

4. He comprehends the world struggle for power and the widespread yearning for peace. His missions to foreign countries have given him a unique opportunity to study the problems of foreign relations, to implement the policy of the administration and to form his own opinions as to how they may be dealt with in the future.

5. He is young in years, vigorous and decisive in action and mature in judgement.

6. He is trusted by all who know him, both here and abroad. He is persuasive in dealing with persons who hold differing views and he has won the respect of management and labor.

7. He is sympathetic with the problems of the average American, coming from a modest family himself and having worked his way through school. His chairmanship

## Independent For Independence

Will you vote Independent for independence?

This is the proposition facing every Mississippian on Nov. 8, when he or she goes or doesn't go to the polls.

Many people disgusted with the platforms of both major political parties state, "I'll go fishing" or "I'll stay home." Certainly not an American choice.

There are those, many of them, who will vote for the Republican slate. What can this possibly gain for us? They have essentially the same platform as the Democrats besides that, what has the Republicans ever done for the South? Oh, yes, they sent soldiers and bayonets to Little Rock. Can we forget that?

Some will vote Democratic, because, they say, "The independent electors can't win." We believe they can win, it doesn't require the most votes for this ticket to win, simply, enough electoral votes taken away from the other two candidates to keep them from winning will do the trick.

More than that, if this movement, going on in several southern states attracts enough voters, future political platforms will be drafted in a different fashion. Politicians deal in power, they have no time for the weak. This means a vote for the Independent Electors is a vote opposing the disgraceful treatment heaped upon Southern states by both political parties in their conventions. It will mean the opposition to submergence in the whirlpool of socialism and it will demand a return to constitutional Democratic self-government under state sovereignty.

## Letters to the Editor

Editor, Sea Coast Echo:  
After reading your brief editorial in last week's Echo we could not help but wonder whether your phrasing was infelicitous or whether your reference to "another Yankee invasion" was meant seriously. Although it is, perhaps, not entirely within the province of The League of Women Voters of Hancock County to comment on this matter, still we, as an organization which is known throughout the United States for its completely non-partisan policies, do honestly believe in a two-party system for the South.

We feel that many of our citizens, although they will not be able to vote in the approaching election because of our anti-communist laws, are certainly entitled to pick for the party of their choice. They have earned this right, if for no other reason, by the contributions, economic, social and moral, they have made to the community. We hope, through the influx of new resi-

chase a Communist out of government. It is undisputable, though that during the same eight years the Communist world has grown in relative size and power to such an extent that a pipsqueak "prime minister" sits 90 miles off our shores and, bolstered by Moscow's back patio, darcs daily to spit in our face.

This situation, which illustrates the waning of US prestige across the world, is enough to warrant a new administration. But there are other reasons.

First, the men.

Nixon, despite his fine new manner and pose as a seasoned statesman, is still the want-ad candidate who used the big lie and the rottenest type of mud-slinging in his early campaigns for the house and senate. He is the same man who showed his cynicism through a soap-opera teevee "explanation" of the private graft-fund set up for him by California big businessmen. To us, Vice President Richard M. Nixon remains "Tricky Dick," the sleazy politico.

By comparison John Kennedy positively shines with cleanliness. A man of demonstrated physical and moral courage, the "right" kind of guy, Kennedy is representative intellectually of

Second, the parties.

The Republican party, how assiduously it apes the Democratic party, remains the party of the big man and of big business is socialism, the GOP tells us for ample, for citizens to band together REAs and other cooperative ventures to supply themselves the comforts of modern living.

"Let's do it 'The American way," says the GOP. "Let's use public funds to back private concerns that can't make private profits in supplying the needs of the nation."

The Democratic party does not do it. The Democratic party retains its historic character as the party of the ordinary man, and that means and me.

Eisenhower, the stalking horse of the GOP in 1956 and 1960, is forced to pasture. The Republican Party is forced to enter the 1960 contest under its true colors, and so is Tricky Dick.

We don't like either. We are for Kennedy and the Democratic party.

It will state, crystal clear, that Mississippians never endorse candidates and platforms dedicated to the destruction of a way of life which has made our country the greatest country on earth. It will mean that that people of our state and section will not be trapped like sickly mice into voting for the lesser of two evils. Mississippians do have a place to vote positively, for a principle.

We do not in any sense subscribe to the philosophy "I cannot vote for a Catholic or I cannot vote for a Quaker, a Democrat or a Republican." Mississippians, Americans have more at stake than this. Principles, honor, integrity, backed by independence, written into our constitution are the paramount issues and now is the time make our votes felt.

Yes, Mississippians do have something to vote for in this, the most important election of the century. Your vote will not be wasted. You will vote to keep America strong and free. Be sure you vote Nov. 8. Vote for Independent State of electors, not because someone for or against them but because you are an American.

### OFFICIAL PROCLAMATION

PROCLAIMING ALL SAINTS DAY IS HOLIDAY. SINCE November 1st of each year is known as ALL SAINTS DAY and a time set aside when special tribute is paid to the memory of the dead, when the public visits the cemeteries and decorates the graves with flowers and religious observances are the order of the day, and it is fitting that the citizens of the City of Bay St. Louis, do issue this as the City's official proclamation declaring TUESDAY, NOVEMBER 1st 1960, a holiday, and further, officially requesting that all places of business be closed on that day, in order that the public engaged in business and others employed may visit the cemeteries and pay respect to the memory of the departed.

AND since ALL SAINTS DAY is recognized over this entire section of our Southland, and in some places as a legal holiday, and in Bay St. Louis always as a day of thought and consideration in defining such occasion.

THEREFORE, I, John A. Scafield, Mayor of the City of Bay St. Louis, do issue this as the City's official proclamation declaring TUESDAY, NOVEMBER 1st 1960, a holiday, and further, officially requesting that all places of business be closed on that day, in order that the public engaged in business and others employed may visit the cemeteries and pay respect to the memory of the departed.

Done at the City Hall, this 24th day of October, A. D. 1960, and witnessed by the City's official seal.

## STATE OF MISSISSIPPI COUNTY OF HANCOCK BOARD OF SUPERVISORS

September 1960

## SEPTEMBER TERM

BE IT REMEMBERED, that at the above stated term of the Board of Supervisors of said County, an order was made by said Board, which was in the following words and figures, to-wit:

IN THE MATTER OF LEVYING COUNTY AD-VALOREM TAXES FOR THE CURRENT FISCAL YEAR 1960-1961, INCLUDING ROAD DISTRICTS, SCHOOL DISTRICTS AND ANY OTHER TAX DISTRICTS:

These duties are for hearing and determination by the Board of Supervisors of Hancock County on the 12th day of September, 1960, the matter of levying the ad valorem taxes for the fiscal year 1960-1961, including road districts, school districts, and any other tax districts.

Mississippi Code of 1942, and other laws relative to said matter; and the Board having fully and carefully considered the needs and requirements of the various funds of the County, and of the said districts, and the rates, or levies, which are required to produce the revenue necessary to meet the budget as made, fixed and heretofore approved by this Board as required by law, and it having been ascertained that the maintenance levy, are supported by proper and necessary petitions as required by law; and it appearing that the tax rates or levies, for the County and the several County purposes, the road districts, the school districts, and all other taxing districts, are necessary in order to raise the funds required to meet the expenses of the County, and of the said taxing districts for said fiscal year; it is therefore,

Ordered by the Board of Supervisors of Hancock County, that the following ad valorem tax rates, or levies, be and the same are hereby imposed and levied on the fiscal year 1960-1961, upon the assessed value of all taxable property in Hancock County, State of Mississippi, and in the respective Road Districts, School Districts, and all other taxing districts in Hancock County as the property is now assessed and listed, or as may hereafter be assessed and listed; upon the assessment rolls of said County as of January 1, 1960, (except property subject to state taxes only; and except the exempted assessed value of homes to be exempted by "The Homestead Exemption Act of 1946") the said rates, expressed in mills or a decimal fraction of a mill, being levied and imposed upon each dollar of assessed valuation appearing upon the assessment rolls of said county as aforesaid, for the following funds or purposes; and when the money is collected, it shall be credited to the respective funds as provided by law.

SECTION 1. There is hereby levied upon each dollar of assessed valuation in the County (except values subject to State Tax only for County-wide purposes as follows):

## GENERAL COUNTY FUND

7.00 mills

For General County purposes (Current expenses and maintenance) as authorized by Sec. 9879, 1942 Code, Amended. The Levy of seven mills for General County purposes is for the following items: Office and Administration, Judicial and Law Enforcement, Health and Sanitation, Charity and Public Welfare, Farm and Home Service, Operation and Maintenance of Buildings and Grounds, and Sundry as Shown by the budget heretofore adopted by this Board; in accord with the Regulations of the State Auditing Department.

## VETERANS' SERVICE FUND .25 mills

## PAUPER FUND 1.75 mills

For the support of the poor and pauper, as authorized by Section 7352, Code of 1942.

## LIBRARY FUND .25 mills

For the purpose of upkeep and maintenance of a public library for the County as authorized under House Bill No. 233 of the General Assembly of the Regular Legislative Session of 1952.

## HOSPITAL FUND 3.00 mills

For the purpose of maintaining and operation of a County Hospital, as authorized by Chapter 7129-52, Code of 1942.

## SEAWALL FUND .25 mills

For the purpose of construction, maintaining and repairing seawall, sloping beach, or other protection, and together with all the necessary machinery, tools and implements for the operation thereof and to employ the necessary engineers and laborers to maintain the same, as authorized by Section 6512, Code of 1942.

## SCHOOL FUND 11.00 mills

For minimum Education pro-

gram except upon the assessed valuation of property in municipal separate school districts, as authorized by Section 6518-01, 1942 Code, Amended.

SECTION 2. There is hereby levied upon each dollar of assessed valuation of taxable property in the County Wide School District, for the maintenance of Schools and all incidental expenses thereof, as authorized by Section 6518-05, Code 1942, Amended.

## COUNTY WIDE SCHOOL DISTRICT MAINTENANCE FUND 10.00 mills

SECTION 3. There is hereby levied and imposed upon each dollar of assessed valuation of taxable property in the County Wide School District of Hancock County for bonds, interest and bond obligations in covering outstanding bonded indebtedness as authorized by Chapter 261, H. B. 46, of the General Laws of Mississippi, 1954.

## HANCOCK COUNTY SCHOOL BOND FUND 8.00 mills

SECTION 4. There is hereby levied upon each dollar of assessed valuation of taxable property in the County Wide School District of Hancock County for bonds, interest and bond obligations in covering outstanding bonded indebtedness as authorized by Chapter 261, H. B. 46, of the General Laws of Mississippi, 1954.

## ROAD AND BRIDGE BOND FUND DISTRICT FOUR 6.00 mills

SECTION 5. There is hereby levied upon each dollar of assessed valuation of taxable property in Hancock County (except property subject to state taxes only) for bonds, interest, sinking fund and other bond purposes, as follows:

## HOSPITAL BOND FUND 3.00 MILLS

SECTION 6. It is further ordered by this Board of Supervisors that all ad valorem taxes hereby levied and imposed are fixed within the limits as stated in Section 9878 to 9889 both inclusive of Mississippi Code of 1942; The General County Taxes being governed by Section 9879 as amended by Chapter 280, Laws of 1946; Road Taxes by Section 9880; and the School taxes by Section 9881, 9885 and 1988, and the levies shall have precedence in the order as stated in Section 9880; and in the event the total levy for any school district shall exceed the limit fixed by law, the county-wide levy shall have precedence over any levy for a district as stated in Section 9881, Code of 1942.

SECTION 7. It is further ordered that the above rates, or levies in mills, or a decimal fraction thereof, shall be applied to each dollar as assessed value as is shown upon the 1960 assessment rolls of Hancock County, Mississippi, and in the respective districts upon which said rates, or levies, are respectively fixed, except as to such values as may be exempt by law, in whole or in part, from certain tax rates, or levies; it being the intention and purpose of the Board of Supervisors of Hancock County, State of Mississippi, to fully and in detail comply with all the requirements of law relating thereto, and especially Section 9889 of the Mississippi Code of 1942, and Chapter 280, Laws of 1946.

Section 8. It is further ordered that all money received and collected by the Sheriff and Tax Collector and paid by him to the proper fund according to the provisions of this Order, shall be credited to the designated fund by the County Auditor, in accord with the budget as heretofore adopted by this Board, and shall be expended in the manner, and for the purposes as set forth in said budget, and for no other purpose.

SECTION 9. It is further ordered that the Clerk of this Board be and he is hereby directed to comply with all the requirements of law prescribed by Section 9890 of the Mississippi Code of 1942 relating to the Certification and publication of the ad valorem rates or levies herein made and fixed.

BE IT ORDERED by the Board that the Board recess until Friday Morning, September 23, 1960, at 9:00 o'clock A. M.

TSCHIRN AND HIS ASSIGNS, THE RIGHT TO LAY A 3 1/2 INCH GAS PIPE LINE ALONG THE SOUTHERN BOUNDARY OF THE MULLATTO BAYOU LOCAL PUBLIC ROAD, ALSO KNOWN AS THE FAYRE LOCAL PUBLIC ROAD, IN THE ANSLEY FIELD, HANCOCK COUNTY, MISSISSIPPI, SAID 3 1/2 INCH GAS PIPE LINE TO CONNECT TO AND ALLOW FOR THE PRODUCTION OF THE PIONEER-HOLDEN ET AL. GAS UNIT, THE CHARLES W. TSCHIRN-DRAKE-GEY ET AL. GAS UNIT, THE PAUL L. MCBRIDE, JR., BALDWIN GAS UNIT, AND FROM A WELL NOW BEING COMPLETED IN THE NE 1/4 OF SECTION 25, TOWNSHIP 9, SOUTH, RANGE 16 WEST, ALL AS SHOWN ON THE PLAT ATTACHED HERETO, MARKED EXHIBIT "A", AND MADE A PART HEREOF BY REFERENCE.

THIS CAUSE this day came on for hearing before the Board of Supervisors of Hancock County, Mississippi, at a recessed meeting of the September 1960 regular meeting of said Board, upon the Petition of Shallow Oil Company, Inc., to amend a prior order of the Board in favor of Shallow Oil Company, Inc., dated August 18, 1960, recorded in Minute Book X, Page 337-9, and further, upon the Petition of Shallow Oil Company, Inc., and Charles W. Tschirn, their successors or assigns, for permission from the Board to now lay, maintain and operate a 3 1/2 inch gas pipe line along the Southern boundary of Mulletto Bayou local public road in the Ansley Field, Hancock County, Mississippi, a distance of approximately 7200 feet, as more clearly shown in color red on Exhibit "A", attached hereto and made a part of this Order, and the Board having heard and considered the said Petition and the evidence adduced thereon, together with the plat and exhibits thereto, and being fully advised in the premises, and after maturely considering the evidence ad-

duced thereon, the Board found that the amending of the Order of August 18, 1960, and that the granting of said permission to lay said pipeline as now shown on said plat would be for the best interest of Hancock County, Mississippi, and all the people of Hancock County, and would further encourage and expedite the development of oil, gas and other minerals in Hancock County, and would place on the production line gas from three wells not heretofore produced and from a well now being completed, and that the severance tax from said wells to Hancock County, Mississippi, would be of substantial benefit to Hancock County and the people thereof.

And the Board further found that said pipeline, as shown on aforesaid plat, is in color red, should be buried not less than three (3) feet under ground, and the Petitioners Shallow Oil Company, Inc., and Charles W. Tschirn, their successors or assigns, agree to remove said pipe line in the event said local public road is changed, widened, relocated or rebuilt by Hancock County or the State of Mississippi or both, and said change, rebuilding, widening or relocating necessitates or requires moving of said pipe line at Petitioners', their successors or assigns, risk and expense, in which event, the Board finds that Petitioners', their successors or assigns, shall have the right to remove said pipe line and relocate same on the Southern boundary of the new, changed or relocated road, and to again bury said pipe line not less than three (3) feet below the surface of the ground.

And the Board further found that Petitioners agree to construct said pipe line in such a manner as to meet the requirements of State Aid Engineer, and that the relief prayed for should be granted.

It is, therefore, Ordered and Adjudged that Petitioners, Shallow Oil Company, Inc., and Charles W. Tschirn, their successors or assigns, be and are hereby granted the right and authority to lay a 3 1/2 inch gas pipe line along the Southern boundary of Mulletto Bayou local public road for a distance of approximately 7200 feet, more or less, as more clearly shown in the color red on the attached plat marked Exhibit "A", said pipe line to be buried not less than three (3) feet under ground, and to meet with requirements of State Aid Engineer.

It is further Ordered and Adjudged that said 3 1/2 inch pipe line running along the Southern boundary of said local road a distance of approximately 7200 feet, more or less, as shown on the plat attached hereto, shall be laid at the sole risk and expense of Petitioners, Shallow Oil Company, Inc., and Charles W. Tschirn, their successors or assigns, and that Hancock County, Mississippi, shall be held harmless from any damages to property or to persons in the laying and/or operation of said line, and said Petitioners, Shallow Oil Company, Inc., and Charles W. Tschirn, their successors or assigns, after the laying of said pipe line, along the Southern boundary of said Mulletto Bayou local public road, shall place said road back in the same condition as it was before said pipe line was laid.

It is further Ordered and Adjudged that the aforesaid amended Order of this Board, dated August 18, 1960, rendered upon Petition of Shallow Oil Company, Inc., recorded in Minute Book X, Page 337-9, is hereby amended to allow Shallow Oil Company, Inc., to place said 3 1/2 inch pipe line from a point near the William Holden tract, NW 1/4, Section 29, Township 9 South, Range 15 West, for a westerly distance therefrom of 4500 feet, and the Southern side of said road, and further, that the amended and Adjudged Order of Charles W. Tschirn is authorized to lay a 3 1/2 inch pipe line on the Southern boundary of said road from a point near the J. S. Zingariang Estate property for a distance of approximately 2700 feet, more or less, to a point near the William Holden property, NW 1/4, Section 29, Township 9 South, Range 15 West, as shown on said attached plat, totaling approximately 7200 feet of 3 1/2 inch pipe line to be laid and maintained on the Southern boundary of said road.

It is further Ordered and Adjudged that authority to lay said pipe line is hereby granted on the terms and conditions ordered herein, and on the further understanding which Petitioners have on this day agreed to, and furthermore, that in the event said Mulletto Bayou local public road is rebuilt, widened or relocated or changed by the County, State or both, so that the removal of said pipeline or pipelines is necessary, then in that event, at the request of the Board, Petitioners, their successors or assigns, agree to take up and remove said pipe line or pipe lines at their own risk and expense, and subsequently relocate same along the Southern boundary of the new, changed or relocated road, and to bury said pipe line not less than three (3) feet below the ground.

## Politics...

(Cont. from Page 2.)

a debate. Each of us presented a statement of position. The statements were taped and played over WAFB Tuesday afternoon. All recall in Paul's speech was his "Is this any time to desert our Conservatives in the Democratic party?" and all I recall of Oliver's remarks was his declaration that he is not really a Republican—that he simply feels the Republican party offers most and the battle has to be fought "in the main stream thereof of the two political parties."

To Paul I would say that we are all vested in me as Trustees, without prostituting conscience by supporting Kennedy and Johnson.

To Oliver I would say that his "realistic" approach leaves me absolutely cold. I tried that in 1955 because Eisenhower promised to restore constitutional government. Putting it very mildly, the gentleman deceived us, and since then I am reluctant to believe anything his party offers except the things they have already done: I. e., Little Rock; Civil Rights legislation recommended by the president; and federal snoopers breathing down our backs in the sovereign right of a sovereign state to make its own voting regulations.

It's been too realistic for me.

## ALL VITAMINS ARE NOT ALIKE!

- Are Vitamin Products guaranteed by the Government?  
No. The Government does have regulations concerning all food, drug, and cosmetic products, including vitamin products, but the Government does not guarantee any vitamin product.
- Are all Vitamin Products of the same quality?  
No. Quality is dependent on purity of ingredients, manufacturing skill, and continuous control testing and vitamin assays from raw materials through every stage of manufacture to the finished product. Your assurance of quality is "the honor and integrity of the maker."
- Does the Government check vitamins?  
Yes. Government inspectors check vitamins and other health products. In 1958, according to a summary of trade press reports, over 1/3 of the F.D.A. seizures of health products were of vitamins or "food supplements." These were seized for (a) mislabeling, (b) low potency, (c) false claims, or (d) contamination.
- Does the Government check all vitamins?  
No... obviously that is impossible. You cannot expect the Government to open up every package of vitamins sent through the mail, to check every vitamin sold door-to-door, or to open up and test all vitamin packages in stores.
- Are all vitamins uniformly stable?  
No. Some are acid, some alkaline. When combined in formulas, certain vitamins destroy others, unless the manufacturer has the experience and high degree of skill necessary to properly separate these vitamins, or minerals, and protect them one from the other.
- Doesn't the Government control or certify vitamin formulas?  
No. The Government does not specify ingredients in the formula which is so important to the person who takes the preparation.
- Are all vitamin products U.S.P.?  
No. Some individual vitamins and only one vitamin combination are U.S.P., but not all. Again, your best assurance that you get the vitamins you pay for is the reliability and high standards of the manufacturer.
- Does a long list of ingredients increase the value of a vitamin product?  
No. Some formulas on the market list as many as 43 ingredients including hay. In many cases, more than half of such ingredients have no established value in human nutrition.
- Are cheap vitamins really bargains?  
We cannot recommend such products. May we suggest before you take a chance with your money... or your health, you get the answers to these questions: What do you know about the reliability of the manufacturer? Is the formula medically approved? Does the formula have enough of the essential and more expensive vitamins, or is it loaded with cheap non-essential ingredients? Would your doctor prescribe it?
- What is the best guarantee on a vitamin product?  
The name on the label. You cannot get a better guarantee than the name of a company who makes the drugs your doctor prescribes for your family. The reliability and reputation of such a company has been established on the dependability of its products.

### Junior Hawks Dump Gulfview

Scoring in the first, third and final quarters Hancock North Central's Junior Hawks downed Gulfview 19-0 last Tuesday at Gulfview.

Wertein Ladner scored the first and last touchdowns while Rousseau, Paul Harrel, H. Turnpseed and O. O. Swords, county agent.

quarterback Eddie Peterson connected with a flat pass to left end Roger Dale Ladner in the third period.

Gulfview threatened in the first quarter on some fine runs by Jimmie Lafontaine and Jack Fiegle but were stopped in the shadow of North Central's goal posts. Gulfview started moving

again in the second period, Sammy McCardle getting loose and was in the clear going for a touchdown but was thrown by fullback Bobby Dunham.

**Damage Is Minor In 2-Car Mishap**  
An estimated \$150 property damage resulted from an accident at 6:20 p.m. Wednesday at Beach Boulevard and Main Street. Investigating officer Fred Curren, highway patrolman, said a '59 Edsel driven by Julius Freeman, 1239 Pass Road, Gulfport, collided with a 1960 Ford driven by Russell J. Albe, 140 Oak Blvd., Waveland. Damage to the Edsel was estimated at \$100 and to the Ford \$50. A highway patrol officer in Gulfport said the report showed no one taken in custody and neither car stored.
